Dear Karl:

On behalf of the Colorado, Montana, Nevada, New Mexico and Wyoming Bankers Associations, I would like to extend our sincere appreciation for your closing presentation at our 2009 Five-State Bankers Conference at the Grand Hyatt in Denver. Your inspiring and entertaining presentation was a fitting end to our program.

Your "Six Keys to Success" are points that will benefit all who attended, and the feedback we received from our attendees was nothing but positive – the amount of people who wanted to speak with you at our evening reception was a testament to that. We thank you for sticking around to meet our attendees!

You were motivating to all, and your ability to weave your life stories into your presentation made it all the more appealing. We enjoyed working with you. Good luck in the future!

Respectfully,

THE COLORADO BANKERS ASSOCIATION
