

September 5, 2018

Karl Mecklenburg was the keynote speaker at our Back the Cats kick-off event for the 2018 Castle View High School Gridiron Club. Mecklenburg's speech was inspiring, humorous, motivational, and a big hit with our student athletes, coaches, parents, and community supporters. Some of the feedback I heard from attendees was that Karl was best speaker we have ever featured, which is impressive considering we have had some huge names over the years.

Karl was easy to work with. He put together a promotional, "looking forward to meeting you" video for us to distribute before the event and signed autographs and posed for photos before and after the dinner.

Karl helped us draw an amazing crowd, nailed his presentation and helped us create the most successful event we have ever produced. I am so happy we were able to find and book him!

I highly recommend Karl Mecklenburg as a keynote speaker for your event and am happy to answer any other question you may have regarding him as a speaker.

Sincerely,

Charles Oster
